Hendrikstraat #69  
Paramaribo  
Suriname

COMP/2017.139

Paris, 28 April 2017

Dear Mr. Haraksingh,

On behalf of the OECD, and our partner the IDB, I would like to thank you for your valuable contribution to the session "*Addressing Competition Challenges in Financial Markets*" of the Latin American and Caribbean Competition Forum (LACCF) held in Managua, Nicaragua on 4 – 5 April 2017. The Forum provides an excellent opportunity for countries to present on-going progress and reforms, discuss views and exchange experiences.

Panellists are important to the success of the LACCF sharing with delegates their expertise, new ways of looking and assessing issues, and at times, challenging assumptions in an inter-active dialogue. This is a difficult task requiring substantial preparation. Your active engagement and commitment were key factors contributing to the success of your session, a view echoed by many of the delegates with whom my colleagues and I had the chance to speak.

We wish you the best for your future endeavours and look forward to a future collaboration with you.

Yours sincerely,

Antonio Gomes  
Head of the Competition Division
